Christmas Workshop - Fused Glass Workshops – up to (2 1/2 hours)

The Glass Forge offers either a **1 to 1 personal workshop** or **group workshops of no more than 3-people**. This is an **in person** workshop.

Get into the holiday spirit and craft something special this season! Join me for a warm, creative and hands-on Fused Glass Christmas Workshop, perfect for beginners and seasoned makers alike.

In this festive session, you will learn the basics of glass cutting, arranging and designing as you create your own unique Christmas tree decorations.

This fun, relaxed, hands-on 2 hour workshop offers a wonderful and gentle introduction to the art of kiln formed glass and explores some of the techniques for kiln fusing glass (the art of melting glass using an electric kiln, up to a temperature of around 815°C).

This is an introductory workshop, and the format and course design has therefore been tailored towards complete beginners. You therefore do not need any prior experience to attend.

What will the course entail?

The workshop will cover the following aspects:

1. Health and Safety briefing.
2. What is glass fusing.
3. Designing a simple fused glass dec following a template.
4. Practice cutting glass to incorporate in your piece.
5. Assembling and applying pieces onto the base piece of glass for firing.

What will I make?

During your workshop you can expect to make two small Christmas tree decorations.

Firing your piece

Your piece will be fired in a kiln and this process takes up to 24 hours. Please therefore allow up to **2 weeks** to receive your fused glass piece.

Your item can be collected from The Glass Forge (by prior arrangement) or if you are unable to collect your item in person it can be posted via Royal Mail. **An additional postage charge will be applied for this at the standard 'Royal Mail signed for' rate.**
